A person can only become truly human when, after birth, there are others beside them and with them.
A person can only leave this life as a human being when, in dying, they are not alone,
but have someone beside them and with them.

HEINRICH PERA

The Freier Hospizverein Erzgebirgsvorland e.V. (Free Hospice Association Erzgebirgsvorland) was founded in 2008 and is the sponsoring organization of our outpatient hospice and palliative care counselling service.

Our service brings together professional staff and trained volunteers who work hand in hand.

The aim of our work is to support people who are seriously ill, dying, or grieving. Our support includes family members and is provided with openness, tolerance, and strict confidentiality.

Upon request, our professional staff will visit you for an initial consultation at home, in hospital, or in your care facility. Our support is tailored to your individual wishes and needs.

We work closely with specialized outpatient palliative care teams (SAPV) and family physicians (AAPV).

You may contact us directly. We are happy to advise and support you, offering compassionate care and taking the time to listen.
